THE LONE MANGA

LONE MANGA

Wanted!

Wanted!
Goku. Dragon Ball.
Akira Toriyama

I'll warn the terrorists.

If the hostage
group is safe,
then I'll break
over them...

I would like to negotiate with you
for the safety of the hostages.

I want to speak to your
leader face-to-face.

The First Prince,
Richard Eriksen Ostlund.

These are horses
with proof that
he is the conqueror of
a named object.

He's going to
be troublesome...

Wouldn't it be nice...

...to support the
local football team
and their coach?

I'll have to catch
up with this before the
party comes...

Shove up and
do your job!

What are those black bears?

It's too thick to be called a nest.

Let's search
out in the swamp

LONE MANGA!

... her to deal with
anything concerning him
at the moment.

What of this
isn't on honor?

an honor for me.
I'd never expect the
Next Prince, Richard, to
come for me.

LONE MANGA

I am an official of
the Black Queen. My
name is Changer.

It looks like the
knight has sent
one of the agents
to deal with this

Now about
the human slaves
and lack of
basic resources

No. We
have to protect
the people.

People could
get hurt during the
negotiations.

Regardless of the
outcome, they will need
a passage to get out of
here. So...

You have been following me for a while now, but what is that black box?

It gives me an eerie feeling.

Dylan, where are the other staff members?

The ones who also wear this uniform.

They're here and used, all situations act like that.

Alyria, I'll talk to the officers and pass on the message to the staff.

We might be able to take advantage of this chance to lead the people to safety.

LONE MANGA!

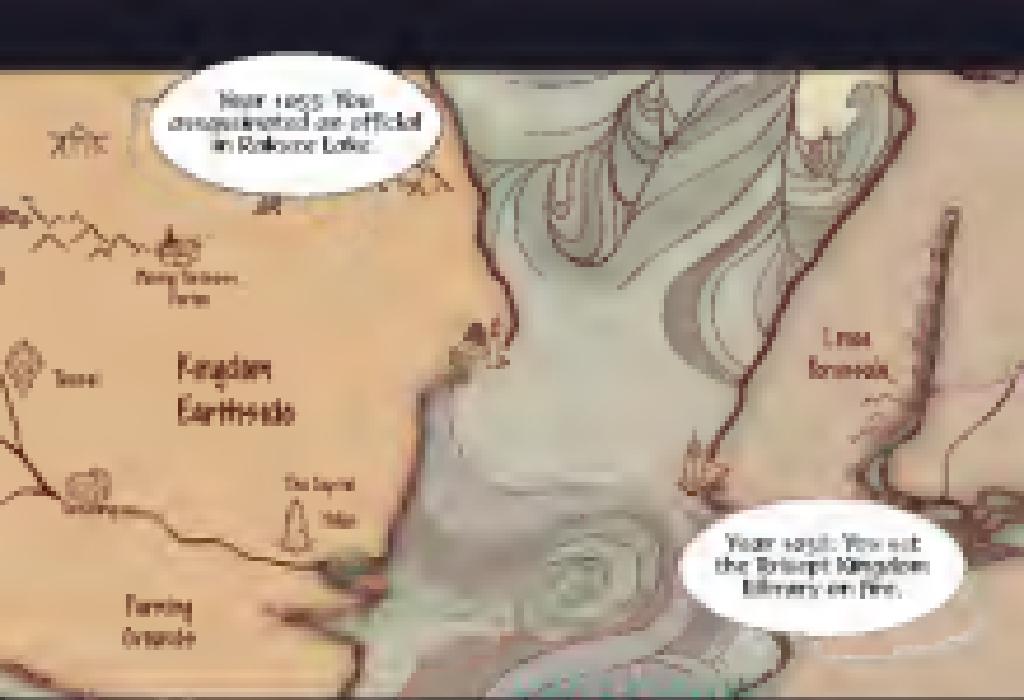

Our objective is
only to provide those
evil families that
support slavery.

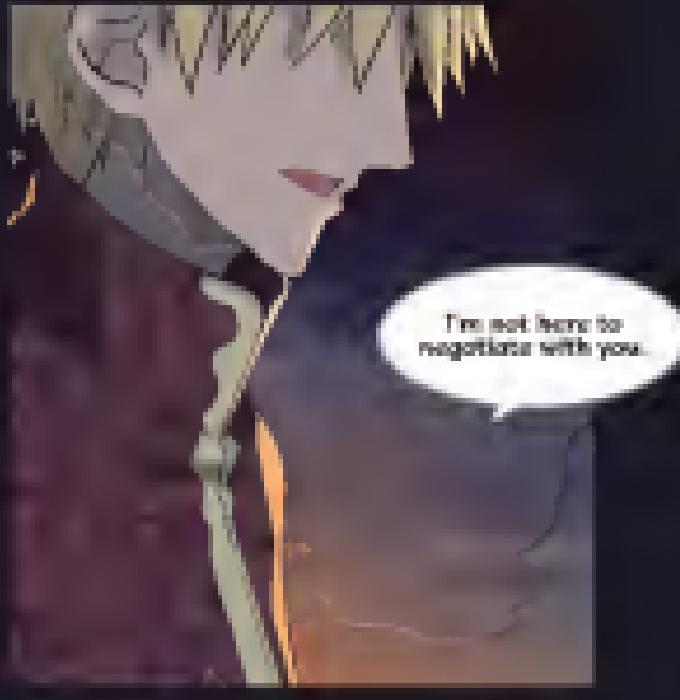

I don't think the
legislature needs to
exist at all...

No! No!
You cannot be
allowed to be
part of humanity.

You are here to
negotiate with you.

I've come to make
a request of you.

These
stuffed members
were hiding in a
closet.

Get help!

I LOVE MANGA!

It's about

I'll stay by
your side.

Is that right?
So a passing
Alcon...

Understood. If
something happens
to Brock just now
or on captioning, I'll find
everyone there.

There's more people in
fear than I thought.

Is it because of
the black thread?

"What is this thread?"
Why do everyone run scared
off touching it?

Unseen AF

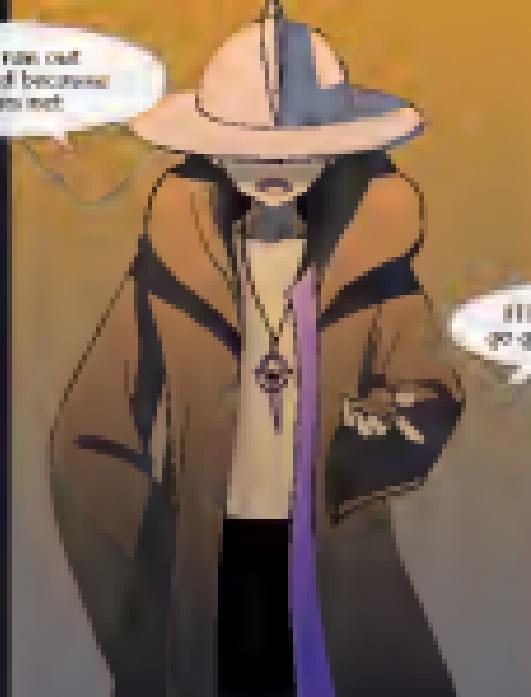

LONE MANGA!

Unseen AF

There're
more... AF

If few moments ago

Tek, I ran out
of thread because
of this net.

I have to go get some.

LONE MANGA!

Your hair is fine

Oh my goodness...!

It's never been...
of something so small!?

I can't believe such
a monstrous
dragon smacked
me like that!

LONE MANGA!

I know this smell...

It's not a
black thread...

It's solidified blood...!

Now

The dragon
isn't
of devours to
have the flame
and protect
him

They cannot
create a dragon
without fire!

This was not created
by any of the dragons or
their enemies!
